

Homeownership is still a big part of the American Dream.

Weichert® would be happy to make it come true for you.

So many things change over the years that it's almost surprising when something doesn't.

88%

For instance, 88% of U.S. households still believe owning a home is a good financial decision.

And just about as many, 87%, continue to believe that it's part of the American dream.

87%

83%

83% of all renters would like to own a home.

And even higher, 94% of renters who are 34 years old or younger would also like to own.

94%

Currently the top 3 reasons for wanting to buy a first home are:

1. A place to raise a family 36%

2. Owning a place of one's own 26%

3. Creating a nest egg for retirement 14%

Of course, you may decide to become a homeowner for a variety of emotional and financial reasons, including getting married, starting a family, retiring, improvement in financial situation and desire to settle down in one location.
